

WHAT IS THE DIFFERENCE BETWEEN OUR VIP SAVINGS AGREEMENT AND AN EXTENDED WARRANTY?

Extended warranties are nothing more than limited insurance programs. Our VIP Savings Agreement involves true maintenance work that most **equipment manufacturers require on an annual basis for their warranties to remain in full effect.**

During our routine maintenance checks, we do our best to diagnose any issues that could be hazardous to you and your family.

CUSTOMER TESTIMONIALS

Of all the companies we called, you were the only one to suggest that our faulty air conditioner might be repairable. We fully expected to wait for days during the heat wave, but you were there to fix the job one day after we called you! Thank you Vision Mechanical for your quick attention and for offering an unexpected solution to our problem.

As an engineer technologist, one of the things that is most important to me is workmanship and Vision Mechanical's work was very neat and clean. We will recommend you to others.

★★★★★ *Keith Meldrum, ASCT RTM*

I first contacted Vision Mechanical 8 years ago on a referral. I have found them to be excellent to deal with. The servicemen are punctual, courteous and very capable. They have provided first rate service to us at competitive rates over the years as they continue to grow their business.
